SOP: Stock-out and Line-Stoppage Escalation

Document SOP-STK-005 | Sahyadri Auto Components Pvt Ltd

Alert levels

Red alert: A item with less than 2 days of stock cover or a confirmed stock-out. Amber alert: A item with less than 5 days of cover, or any item whose cover is below its lead time.

Actions on red alert

Inform the Plant Head and the OEM customer's logistics contact the same day, place an emergency PO, arrange premium freight if needed, and review alternative approved sources.

Daily report

The planner reviews the daily inventory report by 9:30 each working morning and records actions for every red and amber item.
